

Start date: October 25

End date: Currently ongoing

What is this project?

- The libraries manager wants to find out what young people know about libraries. They want to know:

What words would you use to describe a library? What prevents you from visiting the library? what can libraries offer to attract young people in?

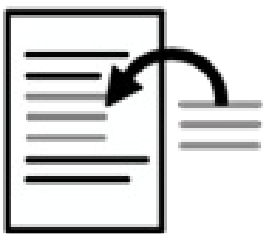

What are we doing and what have we done? (outputs)

- visits to events with children and young people to gather feedback
- shared with Voices United Forum to gather feedback
- microsoft form created for CYP contributions which has been shared on social media

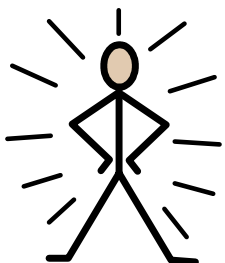

What difference does this make to children and young people? (Outcomes)

- this information will be used by libraries to improve their services and ensure libraries are accessible and used by a wider cohort of CYP

What difference does this make to policies, services and the workforce (impact)

- the answers will improve the planning for future services and events across Worcestershire Libraries

How will we know we are making a difference?

- this information is being shared with library managers to inform their provision
- the libraries will have ongoing discussions with CYP and co-production officers to review their services
