

Original vision

“Every child and young person in Worcestershire is included, valued, and empowered to lead a meaningful life – with choices, support, and opportunities to thrive.-We believe in equity, belonging and well-being for all, where difference is embraced and every individual is heard, respected, and given the chance to reach their potential”

Some CYP feedback included:

- *Too many big words (embraced, thrive, potential, empowered)*
- *Don't understand it*
- *Too long*
- *Respect should come first*
- *I like the words support, choices, opportunities and heard*

Refined vision

“Our vision is that every child and young person in Worcestershire is respected, included, and heard, and has the support, choices, and opportunities they need to reach their goals and live a fulfilled life.”
