### How to Book

Contact providers directly to discuss suitability and book.

### About Targeted Groups & Activities (GA)

Groups & Activities (GA) helps families in Worcestershire with children and young people aged 5 to 16 who have SEND to go to specialist groups and activities at a lower cost. These sessions run all year by different providers across the county.

GA helps pay for the extra support some children need, such as:

- Smaller groups
- 1-to-1 or 2-to-1 support
- Specialist spaces or equipment
- Staff with extra training

This support can make activities cost more than regular clubs. GA helps by paying the extra cost, so families pay a similar price to a mainstream activity like a holiday club.

All children and young people with SEND aged 5–16 can use GA.

Providers can apply for GA funding to lower the price for families. If your child already goes to a suitable group, you can ask the provider to apply.

Some sessions may need a parent or carer to stay. In some cases, a support worker can attend instead. Your child's social worker can tell you more.

### Short Breaks

Some families will have GA sessions as part of their Short Breaks plan. Other families can contact providers directly to ask for a place. Each provider has their own sign-up rules and may have waiting lists. In some cases, where agreed by the short breaks panel, families may not need to pay.

All information is correct when printed, but sessions may change.
